

Event Management System

Newsletter # 3

April 10, 2020

Dear All,

Despite the difficult time with Coronavirus your EMS Project Team remains mobilized, active and available to help you introduce the IWWF Event Management System in your Federations and guide you into it. The good news is that we all have a little more time to work on it. Therefore, as recommended in our **Newsletter # 2** [click here](#) please do not hesitate to start inviting your Athletes to register into the system. See also frequently asked questions in our **Newsletter #1** [click here](#) and latest EMS update sent to all National Federations earlier this week [click here](#).

Reminder

- The IWWF Event Management System EMS is offered FREE OF CHARGE to all IWWF National Federations & their affiliated Clubs
- The use of EMS will be mandatory for competitions held from January 1, 2021
- Competitions for the disciplines Barefoot, Cableski, Disabled, Wakeboard Boat, Wakesurf and Waterski can be run through EMS from June 1, 2020 depending on the local situation within the constraints imposed by Coronavirus
- 2020 is a preparation year for the future use of EMS. The EMS Project Team recommends to the National Federations to proceed now with preliminary work (register/invite athletes & officials, register competitions, clean-up athletes & officials profiles)

What's new in EMS since the last newsletter?

- Login Agreement when registering to EMS
- Login email address can now be changed by User
- Revised Welcome Page
- Revised New Participant function for athletes and officials; faster bulk registrations
- Extended search criteria in User List for Administrators
- Discipline Administrator can now invite Officials to competition participations
- Participants contact details (email, etc.) added in Excel download of competitions for Federation Administrators

Update functionalities available to-date and in preparation
